Art Unit: 1724

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: It is noted that neither of the reissue declarations state that applicant is the sole inventor.

Claims 2-4, 8, 11, 12, and 14-16 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect in the declaration is set forth in the discussion above in this Office action.

The amendment filed 1-10-02 and 3-4-03 respectively, proposes amendments to claims 14 and 16 that do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. A supplemental paper correctly amending the reissue application is required. The amendments to these claims must be made relative to the claims in the reexamination certificate. It is noted the word "from" is missing in line 2 of each claim before "95".

The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1724

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
